How to check your Samsung's Battery health.

Step 1: Go to your dial section in the phone and type **"*#9900#" .**

Step 2: It will take you to **"SysDump"** and click on **"Run Dumpstate/logcat"** and wait about 1 to 2 minutes.

Step 3: Then click on the option of **"Copy to sdcard (include CP Ramdump)" .**

Step 4: Go to Play Store and search for the app called **"LogLog"** and install it.

Step 5: Open the app and search for the **"log folder"** and type **" DumpState_ "**.

Step 6: Click on the **"DumpState_"** and it will take to the file and search **"mSavedBatteryAsoc"**.

Step 7: It will show you the exact battery health of your Samsung device.
