How to print an image from a computer or phone

Step 1: Have your device and a nearby printer ready.

Step 2: Go onto your device and click onto the image/picture you want to print off.

Step 3: If you are using a computer right click on the image, press print and choose the printer you are printing from. If you are using a mobile device go to the image, press the share icon and press print, then choose the printer that is being used.

Step 4: Wait for the image to print.
