How to quickly read and understand the terms of service for any company

<https://tosdr.org/en/service/457>

This website summarises the terms of service and makes it quick and easy for you to read and here's how to use it.

1. Enter the website
2. in the search bar type in the name of whatever you need to know about (for example PlayStation)
3. click what matches your search
4. read the bullet points that make up the terms and conditions
5. you're done.

some things to note, these are made by real people not AI, it takes time for certain parts to be updated. all the original sources are placed in the website directly under the summarised terms and conditions. all content on this website can occasionally be inaccurate, it is just as important to do

your own research but that is not to say the website is always incorrect.
