Some useful sites from around the internet.

Useful

Websites Hub

Welcome to your go-to collection of websites that can genuinely make life easier, cheaper, smarter, and more fun. Whether you're looking for tools to boost productivity, save money while shopping, learn something new, dive into a gaming session, or just kill a few minutes with something cool—you're in the right place.

We've rounded up trusted, helpful, and often underrated websites across a bunch of categories, so you don't have to waste time digging around the internet. Think of this as your personal internet toolbox: full of clever resources, helpful hacks, and a few hidden gems. Whether you're tech-savvy or just curious, there's something here for everyone.

☐☐ Tech & IT

Useful tools and platforms for developers, techies, and digital tinkerers.

- [Stack Overflow](#) – Q&A for programmers
